YOUR TRUSTED PARTNER FOR WELLNESS

SCOPE 
Ingredients Specialist

CHAIRMAN'S MESSAGE

Social responsibility can change lives for better.

As we turn a new leaf, Scope is driven by this simple philosophy which reflects in the way we approach business and clients. Our responsibility begins with our clients first. We go to great detail to procure genuine ingredients from renowned companies and also passes through stringent quality tests; transparent transactions, backed by a professional sales force, ensuring that all business requirements are dealt timely to facilitate one's production schedule.

We strongly believe that good business ethics go a long way in contributing towards the betterment of the society we live in. In addition, as part of the Corporate Social Responsibility, we also plan to initiate activities to support and enhance the lifestyle of the public in large.

Vijaylal Kwarlal Jain

VISION

To conduct our business in a caring, socially and environmentally responsible way

MISSION

To Identify and bring the latest products and technologies for pharmaceutical formulations, Health and Wellness.

VALUES

Trust, Transparency and Fair Play remains the corner stone of all our relationships.

EXPERIENCE

Value adding to
your business with a
wealth of collective
experience of
over 160 years

CERTIFICATION

We are a certified
company by
ISO 9001 : 2008
and Dun & Bradstreet

LEGACY

SCOPE Ingredients, formerly known as Kowarlal Excipients was formed in 1959 by Chairman and Promoter, Mr. Vijaylal Kowarlal. The Company was founded with the ambition of providing single window excipients solutions. Now ably managed by Management with a collective pharma experience of over 125 years.

PARTNERS

SCOPE partners with world renowned ingredients manufacturers for exclusive distribution in the Indian sub-continent. Our long term liaison with these brands leverage the transaction on both the pricing and delivery front. we also constantly look out for new associations to assist our clients.

EXPERTISE

- Active in the marketing of speciality excipients for all kinds of drug delivery systems.
- Represent the best global manufacturers in their respective areas.
- Possess excellent logistic, warehousing and marketing network throughout India.
- Certified warehouse facilities.
- Excellent network of Research & Development scientists.
- Long standing relationships with major universities, pharma colleges and research institutions.
- Good relationship with commercial departments.

PRINCIPAL & PRODUCT RANGE

Pharma Division

ROQUETTE, Brazil - Produces raw materials for the food and pharmaceutical industries with quality, consistency and competitiveness in over 90 countries through a network of exclusive distributors of high quality.

Brands : MICROCEL, EXPLOSOL, SOLUTAB

Product	Compendial / Regulatory Status	Applications / Advantages
Microcrystalline cellulose 12, 101, 102, 112, 200	USP, NF, BP, PhEur, DMF available	Tablet and Capsule Disintegrant.
Sodium Starch Glycolate	USP, NF, BP, DMF available	Tablet and Capsule Disintegrant.
Croscarmellose Sodium	USP, NP, PhEur, DMF available	Diluent in Tablets, Capsules, Adsorbent, Suspending Agent
Tabulose SC (Co-processed MCC + CMC)	USP/EP, DMF available	Suspension agent, Stabilizer, Secondary Emulsifier, Thixotropic agent

Gelymar S.A. Chile:

Produces hydrocolloids, specialized in offering texturizing solutions for Pharma. Food and personal care industry at a world level.

Gelymar is a world leader in the production of carrageenan from cold water seaweeds with widest range of Carrageenans obtained through all the existing technologies, complementing them synergistically with different hydrocolloids.

Product	Compendial / Regulatory Status	Applications / Advantages
Carrageenan	USP/EP	Film Former in Capsule Manufacturing
Sodium Alginate	USP/EP	Stabilizer, thickener and Gelling agent

RECKON ORGANICS PVT. LTD.

Product	Compendial / Regulatory Status	Applications / Advantages
Ascorbic Acid	IP/BP/USP	Vitamin C
Sodium Ascorbate	IP/BP/USP	Antioxidant & Acidity Regulator
Calcium Ascorbate	IP	Food Additive
Ascorbic Acid Coated	IP	Capsules & Premixes Ferrous
Ferrous Ascorbate	IP	Iron Deficiency, Anaemia

3V SIGMA, Italy - 3V Group began in Begamo, Italy in the 1960's under the name SIGMA - a chemical company focused on the manufacture of Chemicals for the various industries. Since then, continuous innovations, a forward-looking vision for the business and strong technical know-how have been the main factors that have driven the company to expand into many other fields including pharmaceuticals and cosmetics.

Brands: SYNTHALEN, KP, LP, MP (Pharma Grade)

Product	Compendial / Regulatory Status	Applications / Advantages
Carbomers (934, 940, 941)	USP, NF, EP, DMF available	Taste Masking Release modifier and binder Biodhesion in buccal, ophtalmic, intestinal, nasal,

SALVONA, U.S.A. - Enhanced product performance through controlled release and advanced technology of encapsulation

Derma Solutions	Product Name	Application/Properties
SKIN WHITENING	Salsphere TM Light	Enhanced delivery with long lasting Skin whitening
ANTI AGEING	Multisal TM Triple Action Antiageing	Multifunctional Performance on Anti Ageing
ANTI ACNE	Salsphere TM Salicylic Acid Salsphere TM BPO	Skin Friendly Anti acne solution with time release Time release with enhanced efficacy in Anti Acne
UNDER EYE DARK CIRCLE	Multisal TM Dark Circle Eliminator	Natural way of eliminating dark circles and Puffy Eyes
SEBUM CONTROL	Multisal TM Sebum Control	Immediate reduction of excess sebum
HAIR GROWTH	Salsphere TM Natural Hair Growth Promoter	Natural Ingredient for Hair Growth
COLOUR PROTECTION	Salsphere TM Colour Guard	Hair Protecting botanicals for longer Colour protection with Vibrancy
SCALP CARE	Salsphere TM Healthy Scalp	Effective Gentle Scalp Smoothing

MULTISAL AND HYDROSAL FRAGRANCES

An innovative delivery system of fragrances with the release on demand in Anhydrous systems and Hydrosal fragrances for Water based systems. The fragrances are Apple Top, Coconut Breeze, Chamomile, Pomegranate, Lavender.

MICROBEADS

To enhance the visual appeal and functionality with colours as such and colour changing varieties with rubbing without any residue.

KERRY

KERRY, U.S.A - Sheffield Tm Brand Inhalation Lactose is Recommended for Use as a Carrier/Blending agent in dry Power Inhalation Applications. The Product with the "M" Distinction Represent Milled Product with a classic Bell shaped particle size curve while the Product with the "MS" distinction are Sieved products that contain a lower amount of "fine".

Lactose Brand: FOREMOST / SHEFFILED TM / LUBRITOSE TM / DISINTEQUIK TM

CRYSTALLINE MONOHYDRATE LACTOSE

Milled Product	Milled Application

Lubritose™ AN	-	Anhydrous Lactose/Glyceryl Mono Stearate
Lubritose™ RC	-	Lubricant

PRAYON, Belgium & U.S.A. - The Prayon is world leader in the production of phosphates. The Prayon wet processes for phosphoric acid production are marketed throughout the world and are used to produce over 60% of the world's phosphoric acid.

Brands: PRAYTAB 20, PRAYPHOS

Product	Compendial / Regulatory Status	Applications / Advantages
Dibasic Calcium Phosphate Anhydrous (DCPA)	USP, PhEur	Diluent in Tablets, Capsules with good compaction and flow properties
Dibasic Calcium Phosphate Dihydrate (DCPD)	USP, PhEur	Tablet and capsule Diluent
Tribasic Calcium Phosphate (TCP)	USP, NF, PhEur	Buffer, Glident, Diluent, Anticaking agent

TOMITA PHARMACEUTICAL CO., LTD., Japan - For over a century Tomita Pharmaceutical Co. Ltd. has been contributing to society mainly in the field of inorganic pharmaceuticals. Its long history and expertise have made Tomita one of the leading manufacturers of high quality minerals based ingredients in Japan.

Product	Compendial / Regulatory Status	Applications / Advantages
Magnesium Oxide Light/ Heavy/ DC Grade	USP, NF, BP, JP, PhEur, FCC	Alkaline diluent, pH modifier, glident, anticaking agent, emulsifying agent
Magnesium carbonate Light/ Heavy	USP, PhEur, JP, FCC, JSFA	Adsorbent, Diluent
Magnesium hydroxide	USP, NF, BP, JP, PhEur	as a mineral supplement
Magnesium Trisilicate	PhEur, USP, JP, FCC	Glident, anticaking agent, therapeutic agent
Sodium chloride	PhEur, USP, JP, FCC	Tonistry agent, tablet and capsule diluent, In preparation of saline solutions
Calcium hydroxide	USP, JP, FCC, JSFA	pH modifier
Calcium silicate	JP, NF, USP, DMF Available	Anticaking agent, glident and antacid
Calcium citrate	USP, NF, JP	Preservative, Used in hair removal cream
Magnesium chloride	USP, NF, BP, JP, PhEur	As a mineral supplement
Magaldrate	USP, NF, BP, JP, PhEur, DMF Available	-
Magnesium Sulfate	USP, DMF Available	-

IPS, Italy - Founded in 1976, it started cGMP manufacturing sugar-starch based excipients including sugar spheres for pharmaceutical use.

Brand: SURINERTS

Product	Compendial / Regulatory Status	Applications / Advantages
Sugar Spheres 250-1700 Microns	USP, PhEur, JP	These are inert cores, based on sucrose and maize starch, used as excipients in controlled release oral drug forms.
Sugar Globules	USP, PhEur	These are inert cores, based on sucrose and maize starch, used as excipients in controlled release oral drug forms.

STANDARD CHEM, Taiwan - Standard chem is one of the biggest and famous drug as well as chemical company in Taiwan. It strictly works with the philosophy of Sincerity, Honesty, Experience, Innovation and Public Service.

Product	Compendial / Regulatory Status	Applications / Advantages
Sodium Stearyl Fumarate	USP, NF, PhEur, BP, DMF available	It is used as a lubricant. It has superior performance when compared with other lubricants. It offers higher tablet hardness and lower ejection forces at equivalent compression forces with the lower impact on disintegration time.

LIPIDCHEM, Malaysia - This organization having over thirty five years of experience in product development, production and quality control and customer service in the specialised fields of multi-product palm oil based ingredients.

Product	Compendial / Regulatory Status	Applications / Advantages
Stearic Acid Powder	USP, PhEur, DMF available	It is used as an excipient, lubricating agent to prevent ingredients from clamping together and from sticking to the tablet punches or capsule filling machine. Lubricants also ensure the tablet formation and ejection can occur with low friction between solid and die wall.

STEPAN, U.S.A. - It is a global manufacturer of speciality and intermediate chemicals used in consumer products and industrial application and a leader in surfactants.

Brand: STEPANOL WA-100

Product	Compendial / Regulatory Status	Applications / Advantages
Sodium Lauryl Sulfate	USP, NF	Anionic surfactant, detergent, emulsifying agent, wetting agent.

TAIAN RUITAI CELLULOSE, China - Since established in 1988 it's Asia's largest and China's first Pharma grade cellulose manufacturing company (Former name Feicheng Rui Tai Fine chemicals co., Ltd. China) It is a nonionic cellulose producing base, its scale is largest, technology is advanced and product species is complete.

Brand: RUTOCEL - HPMC, FETOCEL - ETHYL CELLULOSE, COATCEL - HPC

Product	Compendial / Regulatory Status	Applications / Advantages
HPMC E3, E5, E6, E15, E 50, E4M	USP, PhEur, JP, DMF in Progress	Binder, Coating Agent, Suspending agent.
HPMC K4M, K15M, K100M, K200M	USP, PhEur, JP, DMF in Progress	Rate Controlling Polymer, Coating agent.
Ethyl Cellulose N7, N10, N20, N50, N100, N200, N300, Aqueous	USP, PhEur, JP, DMF in Progress	Hydrophilic Coating Agent, Binder, Release Modifier.
Hydroxy Propyl Cellulose RT-LF, LH11, LH21	USP, PhEur, JP, DMF in Progress	Coating agent, Binder, Suspending agent

SHANDONG TIANLI PHARMACEUTICAL CO., LTD., China - It is the largest manufacturers of Polyols in Asia. Tianli belongs to Shandong Lianmeng Chemical Group. The company has sound management systems and certifications ie GMP, ISO, Kosher, HACCP, etc. The products are being exported to USA, Europe, South America, Asia, etc.

Brand: TIANTO - Mannitol

Product	Compendial / Regulatory Status	Applications / Advantages
Mannitol - Low Endotoxin Pyrogen Free	USP, BP, IP, PhEur, DCGI Registered DMF in Progress	Cryoprotectant, Mannitol injections and carrier in IV
Mannitol Powder	USP, BP, EP	Diluent, sweetner in chewable tablet
Sorbitol Powder	USP, BP, EP	Diluent, sweetner in chewable tablet

DEEPAK CELLULOSE, India - The core team of promoter directors consisting people with strong foundation of cellulose technology, its derivatives and their industrial applications. Their pioneering work experience include manufacture development of speciality cellulosic polymers.

Brand: DEEP COAT

Product	Compendial / Regulatory Status	Applications / Advantages
Hypromellose Phthalate HPMC Phthalate (HP-55), HP-55 s	USP, NF, PhEur, IP, DMF Available	Enteric coating agent, Sustaining agent
Cellulose Acetate Phthalate	USP, NF, IP	Enteric coating agent

FINZELBERG, Germany - Is a business unit of Martin Bauer Group and the Market leader in Germany. One of the leading manufacturers of Phytopharmaceutical extracts worldwide. Herbal extracts for Phytopharmaceuticals and Nutritional supplements as well as a wide range of services for pharmaceutical products, from their development to their certification.

Product	Compendial / Regulatory Status	Applications / Advantages
Phytopharmaceuticals		
Allii cepae fluid.	-	Wound healing
Casanthranol USP 27/NF 22	USP	Laxative
St. John's Wort p.e. > 0.3% WS	-	Anti-Depression
Echinacea purp. p.e. > 4% WS	-	Immune Stimulant
Phytonutraceuticals		
Aloes aquos. sicc. Ph.Eur.	Ph.Eur.	Laxative
Ginseng spir. sicc. 8% WS	-	Adaptogen
Ginkgo biloba p.e. > 24/6% WS	-	Dementia
Grape seed p.e. > 70% WS	-	Vasoprotection

One of the largest Oleochemical producers with an extensive portfolio of more than 150 different esters for Pharma, Cosmetic & Personal Care Industries.

Product	Compendial / Regulatory Status	Applications / Advantages
MCT Oils	USP/EP	Solubilizer, Dispersing agent, Lubricant, Emulsion stabilizer and as Viscosity and Consistency agent, Skin Penetration Enhancer

ZHEJIANG HUAKANG, China - Zhejiang Huakang Pharmaceuticals Co. Ltd. is a specialized polyol manufacturer engaged in the intensive processing of corn cob, starch and other raw materials and is among top 20 companies of starch sugar industry of China.

Product	Compendial / Regulatory Status	Applications / Advantages
Maltitol	USP	Sweetner
Xylitol	USP, JP, BP, EP	Sweetner
D-Xylose	USP, BP,EP, JP	Improves human microenvironment and immunity, Flavoring agent
Sorbitol DC	USP/EP	Sweetner, Humectant

TensaChem S.A., Belgium - Well known as “The Surfactants People” Globally. From more than 50 Years, expertise only in manufacturing high quality surfactants. The TensChem product ranges find wide application in Hair Care, Skin Care, Body Cleansing and Oral Care, also in Pharmaceutical Excipients.

Brand: Tensianol, Tensopol

Product	Compendial / Regulatory Status	Applications / Advantages
Sodium Lauryl Sulphate	USP / EP	Anionic surfactant, Emulsifying agent, Wetting agent

SINO-Japan, Taiwan - Founded 1980 in Taiwan, Sino-Japan Chemical Co. Ltd. is mainly funded by Sankyo Co., Japan. For nearly 40 years of growth and development. They have become the largest surfactant manufacturer in Taiwan.

Brand: SINOPOL

Product	Compendial / Regulatory Status	Applications / Advantages
Polyethylene Glycol 3350, 4000, 6000, 8000 PD (Powder)	PhEur, USP	Wetting agent, Dispersant, Emulsifier

Hangzhou Sunflower Technology Development Co. Ltd., China has rich experiences of R&D, technical innovation, project development and marketing in Polyvinylpyrrolidone series (Povidone, Crospovidone, Copovidone) with GMP production lines.

Product	Compendial / Regulatory Status	Applications / Advantages
Sunvidone K Povidone K15, K17, K25, K30, K90.	USP/NF, PhEur, IP, CP, JP/JPE	Binder
Sunvidone VA Copovidone	USP/NF, PhEur, IP, CP, JP/JPE	Binder
Sunvidone CL Crospovidone (Type A and Type B)	USP/NF, PhEur, IP, CP, JP/JPE	Super-Disintegrant.

PRINCIPAL & PRODUCT RANGE

Food Division

ROQUETTE, Brazil - Produces raw materials for the food and pharmaceuticals industries with quality, Consistency and competitiveness in over 90 countries through a network of exclusive distributors of high quality.

Product	Applications
MCC- 101, 102, 200	Thin white Insoluble Fiber used in Brownies, Cookies & Bread.

Advanced Ingredients, USA: Produced from fruits, vegetables and grains, Advanced Ingredients humectants, binders and sweeteners are ideal for food products across the board offering superior functionality with the assurance that comes from 100% natural, "clean label" products, which are Gluten Free, Allergen Free, GMO Free, Kosher and SQF Certified cGMP

MoisturLok: Keeps food moist and fresh tasting longer; Extends the shelf-life by as much as 3 times, consistently improves the overall flavour of food, enhances its texture/softness and very often makes food tastier.

Top Applications: Nutrition Bars, Cookies, Gluten Free Baked Goods, Noodles, Bread, Frozen Dough, Microwavable Baked Goods, Pizza Crust;

Honourable Mention: Sauces, Pet Treats, Brownies, Doughnuts, Danishes, Soft Gelatin Capsules, Scones, Fruit Cake Cinnamon Rolls.

EnergySmart: In addition to superior binding and humectant properties, provides 'Sustainable energy, an initial burst of energy followed by a longer lasting span of energy, without "Sugar Crash".

Top Applications: Sport Gels, Bars, Cookies, Chocolate Confections, Energy Shots, Meal Replacement Shakes, Granola, Gummies, Cough Syrups, Sport Drinks;

Honourable Mention: Diabetic formulation, Pet Treats, Fillings, Sauces, Brines, Dairy Products, Cereals.

EmulsiSmart Emulsifier: It is a clean label natural replacement for traditional emulsifiers like DATEM, SSL, Lecithin, mono and diglycerides.

Top Applications: Sauces, Cheeses, Butter, Mayonnaise, Ready to Drink Beverages, Soups, Dressings, Cream, Ice Cream, Drink Mixes, Spices...

EmulsiSmart Stabilizer: It is a clean label natural replacement for traditional stabilizers like Guar Gum, Xanthan gum,

FiberSmart Soluble: These are soluble fibers available from Tapioca and Corn, provides superior binding functionalit reduced calories and increased dietary fiber.

FiberSmart Barley Beta Glucen: This most concentrated commercially available grain-based beta glucen, only 10 gms are required to provide 3 gms of beta glucen to meet the health claims for the US FDA, EFSA and Health Canada.

FiberSmart Cacao Berry Powder: Sourced from the pod of Cacao fruit, the FS Cacao Berry Fruit has both soluble and insoluble fibers. It is 100 % natural and clean label friendly. Ideal for Energy bars, drink mixes, beverages and supplements.

Top Applications of FiberSmart: Nutrition Bars, Cookies, Gluten Free Goods, Candy, Sports Drinks, Chocolate, Syrups, Marinades, Snack Foods, Dressings;

Honourable Mention: Pet Treats, Ice Cream, Brownies, Cinnamon Rolls, Fruit Juices, Granola, Cereals, Sauces, Toppings, Dairy Products, Frozen Desserts.

Gelymar is a company that produces and commercializes hydrocolloids- Carrageenan, specialized in offering texturizing solutions for Food, Personal Care and Pharmaceutical industry worldwide.

CARRA™GEL – Gelling agent in water or milk providing several textures.

GELY GUMS – Blends and textural system

CARRA™LACT – Gelling ,Thickening and Stabilising agent in Milk.

GELY TARA, GELY PECTIN, GELY XAN.

CARRA™ SOL - Thickening and Stabilising agent.

Applications: Confectionary, Bakery, Dairy, RTE premixes, Drinks, Fruit preparation, Sauces, jellies and many more.

"NuBana's Green Banana Starch is rich in Resistant Starch, which in addition to helping in the formulation like increasing the viscosity, etc, has many health benefits also like Improving the Insulin Sensitivity, weight management and a lot (which are proven by independent research publications in reputed scientific journals). There are three grades of Resistant Banana Starch viz. N100, RS65 and P500"

NuBana N100 – Texturizing Native Starch

NuBana P500 – Pregelatinized Starch

NuBana RS65 – Nutritional Native Starch

Nascent Health Science USA:

SoPure™ Stevia is a trademarked family of stevia products. Provides the most advanced and highest quality stevia products to the world's leading food beverage, nutritional and pharmaceutical companies.

Steviol Glycosides

Application: zero calorie Sweetener, uses in Food and beverages.

SoPure™ Stevia Leaf Extracts			
Products	Relative Sweetness	Sensry Attributes	Heat Stability at pH 2.6
Rebaudioside A	120-440	Sweet with off-notes at high use levels	200° C
Rebaudioside C	30-60	Sweetness enhancer for bulk sweeteners	180° C
Rebaudioside D	200-400	Significantly less off-notes/aftertaste than Reb A	180° C
Rebaudioside M (X)	230-450	Sweeter than Reb D with clean and sweet aftertaste	140° C
Andromeda	190 – 380	Reduced off-notes/aftertaste at high use levels. Bitterness noticeable around 390ppm.	
Crest I	190 – 380	Alternative sweetener, bitterness noticeable around 300ppm	
Crest II	200 – 400	Reduced off-notes/aftertaste at high use levels, bitterness noticeable around 375ppm	
Crest V	220 – 400	Off-notes/aftertaste at high use levels, bitterness noticeable around 600ppm	
Orion	150 – 350	Reduced off-notes/aftertaste at high use levels in liquid application, high solubility	
Pinnacle	220 – 440	Clean profile and aftertaste	
SoPure™ Reb-A Extracts			
Reb A 99	220 – 440	Cleaner aftertaste with bitterness noticeable around 440ppm. Great to use for higher sugar reductions.	Comments: Make to Order
Reb A 98	210 – 420	Cleaner aftertaste with bitterness noticeable around 360ppm. Great to use for higher sugar reductions	Organic offering coming soon
Reb A 97/95	200 – 400	Bitterness noticeable around 325ppm	Most commonly used
Reb A 80	180 – 360	Bitterness noticeable around 250ppm	Comments N/A
Reb A 60	160 – 320	Bitterness noticeable around 225ppm	Higher solubility
Reb A 50	140 – 300	Bitterness noticeable around 200ppm	Higher solubility
Reb A 40	120 – 280	Bitterness noticeable around 200ppm	Comments: Higher solubility. Great value when combined with bulk sweeteners.
Modified Stevia Extracts			
Plus	90 – 175	Clean aftertaste with little to no off-notes, slightly earlier sweetness onset	Comments: FEMA GRAS 4728 equivalent.
Plus-100	100 – 175	Clean aftertaste with little to no off-notes, slightly earlier sweetness onset	Comments:FEMA GRAS 4728 equivalent.
Plus-150	100 – 185	Clean aftertaste with little to no off-notes,	Comments:FEMA

Founded in 1954. Mickro - Technik is one of the renowned manufacturer of insoluble fibres and cellulose derivatives from Germany.

Alba Fibre® brand of fibres.

Application: Insoluble Fiber Used in Biscuits, Cookies , Cereals & in nutritional products.

- Wheat fibres
 - Oat fibres
 - Apple fibres
- Bamboo fibres
 - Sugar Cane fibres

Carboxymethyl cellulose - (CMC)

Used in Baked foods, Extrudes, Pasta, Diary, Cheese, Yoghurt, Wafers, Frozen& instant Food, Trotillas & Wraps, Spices & Premixes.

Finzelberg Germany: is a business unit of Martin Bauer Group and the market leader in Germany.
One of the leading manufacturer of Phytonutraceutical extracts worldwide. Finzelberg provides herbal extracts for Nutritional supplements as well as a wide range of services for Nutraceuticals products from their development to certification.

Product (Extract)	Application
Rhodiolarosea	Adaptogen, Stress Pretective, Memory increasing, Anti-Oxidative
Valerian	Treating Sleep disorders
Willow bark	Pain Management
Rosehip	Anti-inflammatory
Devil's claw	Pain Management

Zhejiang Huakang Pharmaceutical Co., Ltd. incorporated in 1962, is a key high - tech enterprise at international level, specialized in R&D, production and sales of various functional sugars and polyols derived from corncobs and starch.

Product	Type	Application
Maltitol	Powder,Crystal & Liquid	Low Calorie Sweetener
Xylitol	Powder,Crystal & DC	Low Calorie Sweetener
HFCS	Liquid	Low Calorie Sweetener

Kerry USA : is one of largest manufacturer of various types of Lactose, like Crystalline Monohydrate Anhydrous Lactose, Spray dried Monohydrate & Inhalation Lactose. Having Manufacturing Facility at USA and India.

Products:

- Lactose 200 Mesh Anhydrous Lactose
- Lactose Impalpable Anhydrous

Application/Properties: Used as a filler in various food application.

DRAFT offers range of Premium Dry fruits, from the best farms in the world. Our dedicated growers produce the finest quality Natural Whole Almonds from rich and fertile valleys of California.

DRAFT range of products include :

- California Almonds (Whole & Natural)
- Roasted Cashews, Almonds, Pistachios and Raisins
- Dry Fruit Chikkis
- Premium Dry Fruit Gift Boxes.

India’s leading Saffron Brand offers the country’s First ISO 3632 Grade 1 certified Saffron that has won the trust of leading Chefs in India. 100% pure, unadulterated saffron organically grown in an ideal climate for highest quality and colouring strength.

Reckon Organics: India GMP Certified company and leading manufacturer of Ascorbic Acid (Vitamin-C) offers quality product and services.

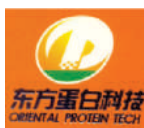

Product	Application
Ascorbic Acid	Acidity regulator.
Sodium Ascorbate	Anti oxidant and Acidity regulator.
Calcium Ascorbate	Food Additive
Ferrous Ascorbate	Iron Deficiency Anaemia

Prayon Belgium and USA is world leader in the production of Phosphates. The Prayon wet processes for

Phosphoric acid production are marketed throughout the world and are used to produce over 60% of the world's Phosphoric acid.

Product	Application
Dibasic Calcium Phosphate Anhydrous	Baking, Mineral enrichment & Toothpaste
Dibasic Calcium Phosphate Dihydrate	Baking, Mineral enrichment & Toothpaste
Tribasic Calcium Phosphate	Mineral Enrichment, Processed Cheese, Anti caking agent.

Yantai Oriental Protein tech Co. Ltd, China is manufacturer of Pea protein.

They provide high quality protein with good support and service.

Pea Protein Application: All type of protein mixes.

PRINCIPAL & PRODUCT RANGE

Derma & Personal Care Division

3V SIGMA, Italy - Being the largest producer of speciality carbomers with wide range of quality additives and specialities

Brand Name	INCI	Properties	Application
PNC 400	Sodium Carbomer	Pre-neutralised synthetic polymer act as thickner, suspending agent & stabilzer	Cream, Lotion, Gel, scrub
Synthalen W 400	Acrylates Copolymer	High suspending ability for insoluble ingredients, variety of oils with clarity & quick dispersion	Facewash, Body wash, Shower Gel, Cleanser
Polygel CA	Carbomer	Thickner and Suspending Agent. Sparkling & clear gel with high viscosity	Cream, Lotion, Gel, Scrub
Synthalen K	Carbomer	Thickner and Suspending Agent in Sparkling & clear gel and solvent free and comply USP.	Cream, Lotion, Gel, Scrub, Hair styling Gel
Stabylen 30	Acrylates/ Vinyl Isodecanote Crosspolymer	Emulsifying With good thickening with high spreadability	Cream, Lotion, Shampoo, Face Scrub
 Synthalen W 2000	Acrylates / Palmeth-25 Acrylate Copolymer	An Ionic, Acrylic Copolymer used in clear gel & also for stabilizing oil in water emulsion	Facewash, Body Wash, Shower Gel, Cleanser, Depilatories Product, Cream, Lotion, Hair Gel, Hair Wax
Synthalen CR	Polyquaternium-37	Conditioner Agent in low pH for hair & skin care	Conditioner, Shaving Gel
UVASORB S5	Benzophenone-4	Water soluble UV Absorber	UV Product, Skin Care Product, Hair Care Products Sun Block Product
UVASORB HEB	Diethylhexyl Butamido Trizone	UV B Sunscreen with SPF Boosting	Colour Cosmetic, Sun Block Product, Hair Care Product
Conditioner P10	Polyquaternium-10	Agent In Hair & Skin care excellent conditioning	Conditioner, Shampoo, Body Wash , Shower Gel Face Wash
Easygel SOL	Carbomer	Easy To Process With HighViscosity & Clarity	Face Wash, Scrub, Body Wash, Hand Sanitizer
Synthalen E-80	Carbomer 980	Thickning Suspending	Shampoo, Face Wash Body wash
UVASORB MET	Benzophenone-3	Oil soluble UV Absorber	Colour Cosmetic, Sun Block Product, Hair Care Product
 Optiblanc MTB	Stilbene Derivative Brightener	Excellent degree of whiteness, Very good build-up for repeated washes, Very good stability to spraying and peroxide bleach, High affitinity towards cellulosic fibres	Household and I&I powder detergents for washing cotton or mixed fibres containing cotton.
 Optiblanc NL	Stilbene Derivative Brightener	Excellent degree of whiteness, Easy incorporation in liquid detergents, Very good uniform coverage on fibres.	Liquid Detergent

Nanogen - Nanogen provides creative ingredients to meet your unique demands.

Brand Name	INCI	Properties	Application
Flowsta ASO	Aluminium Starch Octenylsuccinate	Moisture Absorbance, Oil absorbance in Talc, Lotios & Cream	Dry Shampoo, Cream, Lotion, Body Talc, Lipstick, Compact Powder.
 NANO SOLES	Water Acrylates/ Ethylexyl Acrylate Copolymer, Phenoxyethanol	Water Resistance Film Majorly used For Eye Care Application & Sun Block products	Eyelineer, Sunscreens
 BLACK P35	Water, Black 2, Buthlene Glysol, laureth-20,1,2-Hexanediol	Carbon Black used for Mascara, Eye liner, Black Nail Pot	Mascara, Eyelineer, Kajal

SHANDONG SHANDONG AILITONG, China - Manufacturer of speciality functinal ingredients.

Brand Name	INCI	Properties	Application
Allantoin	2,5-Dioxo-4-Imidazolidinyl Urea	Regeneration Of Cells & Smoothness	Foot Cream, After Shave lotion, Cream, Spa product
Hydroxyethyl Urea	Hydroxyethyl Urea	Extensive Moisturisation Non-Greasiness	Cream, Lotion, Soap, Face wash
Imidazolidinyl Urea	Imidazolidinyl Urea	Effective Antibacterial Preservative	Anti perspirant, Deodrant, Lotion, Cream, Perfume, Hair Cream, Hair tonic, Hair gel

BLUESTAR SILICONES Bluestar Silicones, France - Being the world's most integrated silicone manufacture for wide applications.

Brand Name	INCI	Properties	Application
Mirasil CM5	Cyclopentasiloxane	Silky Feel, Spreadability, Carrier & Delivering Fragrance	Skin care product, Perfume, Sun care product & colour cosmetic
Mirasil DM350	Dimethicone	Smooth Dy Feel, Water Resistance	Skin Care Product & Sun Care Product
Mirasil CDML	Cyclopentasiloxane and Dimethiconol	Smooth Dy Feel, Water Resistance	Skin Care Product & Sun Care product

SALVONA, U.S.A. - Enhanced product performance through controlled advanced technology of encapsulation

Brand Name	Active	Properties	Application
Salsphere Light	Alpha Arbutin, Resveratrol	Enhanced delivery with long lasting skin whitening	Lotions, Concealers, Spot Treatments and Serums
Multisal Multilayer	Phenylethyl Resorcinol, Palmitoyl Tripeptide-5	Multifunctional performance on anti ageing	Lotions, Creams and Serums
Salsphere Salicylic Acid	Salicylic Acid	Exfoliation, Anti Acne, Anti Blemishes	All Skin Care Products
Salsphere BPO	Benzoyl Peroxide	Exfoliation, Anti Acne, Anti Blemishes	Cream, Gel & Lotion
